

This is dedicated to my kindergarten students from New Life Tabernacle Church School for it was they who started me on the road to writing - a lot of songs. You see each week they had a Bible verse to memorize. Although short and simple, they were still hard for little kids to commit to memory and recite. However, I noticed that they could sing for hours all of the songs they learned during worship services. It occurred to me that if I put their memory verses to music, they would learn them easier and faster and would be the envy of the school! I did, and now many of the choruses on this CD resulted from that exercise. (Jillian, I hope you are still singing!)
